March 11, 2020

Dear LCER Families,

We are continuing to monitor the Center for Disease Control and Prevention, the California Department of Public Health, and the San Bernardino County Department of Public Health coronavirus (COVID-19). Although it was declared a pandemic early this morning, **there are still zero cases of COVID-19 in San Bernardino County, and the health risk to our community remains low.**

What are we doing?

- We have increased cleaning of frequently touched surfaces
- We are reminding and encouraging our students to wash their hands frequently and use hand sanitizer between washes
- We will be placing posters in classrooms and buildings to encourage handwashing
- We are reviewing our school safety plan in the event we need to move forward with specific plans regarding COVID-19.
- We will not be doing perfect attendance for 3rd trimester so that students may stay home if they have signs or symptoms of illness

We will be posting updates on a weekly basis, and as needed. Be aware that the number of suspected and reported cases changes regularly.

For updated information see the following websites:

CDC: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>
