Dear Families,

As the situation regarding COVID-19 continues to be fluid, we are following the recommendations of the San Bernardino Public Health Department and other local education agencies. **Effective immediately, all non-essential school activities will be postponed or cancelled. This includes: field trips, camps, dances, class parties, athletic practices, and performances.** This excludes CIF and league sponsored games at this time, but we anticipate they will also be cancelled. If any event is not able to be rescheduled, refunds will be issued.

We will send out another update later today as more information becomes available.
