

Jet Propulsion Laboratory
California Institute of Technology

Professional Development for Teachers

Goldstone Apple Valley Radio Telescope Summer Institute 2017

Students learn about science by doing real science

GAVRT is:

- A partnership involving NASA, Jet Propulsion Laboratory (JPL), and the Lewis Center for Educational Research (LCER) in Apple Valley, California.
- An opportunity for students and teachers to join scientists on an interactive science-education team
- An opportunity for students to remotely control a 34-meter radio telescope
- A K-12 program which uses radio astronomy to introduce students to the process of science

Lewis Center
for
Educational Research

Institute Details:

- 2-day training for teachers on radio astronomy, science campaigns, and telescope operations
- Learn from members of the Juno Team
- Question and Answer time with professional radio astronomers

2 Opportunities to Join Us:

June 26-27 at the Howard B. Owens Science Center (Lanham, MD)

June 28-29 Udvar Hazy Center (Chantilly, VA)

Deadline for registration is June 16, 2017
