

Student Tests Positive for **COVID-19**

The California Department of Public Health requires a minimum of 5-day isolation period for individuals who test positive, regardless of vaccination status or level of exposure. [CDPH Guidance on Isolation and Quarantine.](#)

Asymptomatic Student

Student must isolate at home for a minimum of 5 days, beginning the first day following test date.

Student may return to school on day 6 of isolation IF student is able to provide a negative COVID test on or after day 5 AND symptoms are improving and fever free for 24 hours without use of fever reducing medication.

If the positive student is unable to or chooses not to test again on day 5 (or later), he/she may not return to school for in-person instruction until 10 days have passed since first positive test AND the student is fever-free for 24 hours without the use of fever-reducing medications.

Symptomatic Student

Student must isolate at home for a minimum of 5 days, beginning the first day following symptom onset.

Student may return to school when they are able to provide a negative COVID test on or after day 5 of isolation.
