TRAILS WEST!

GRADE: 3rd

TRAILS WEST

COME BE A PIONEER

BRING YOUR 3RD GRADE CLASSES TO OUR
NEW EDUCATIONAL FIELD TRIP ADVENTURE!

Students will experience the feelings that pioneers had as they left their homes and traveled WEST in search of a better way of life.

Students will write in their journals along the way as they experience what pioneers lived through in 1851.

The adventure begins in the Lewis Center's "Mineral City" as student families visit Union Bank to withdraw funds for the purchase of a covered wagon. Once the wagons are packed, the wagon train then heads out on the trail to simulate the 1st wagon train from Utah to California on the Old Spanish Trail.

Once students reach their destination, they will "settle" their homestead by planting crops and building log cabins. Don't let your students miss this wonderful opportunity to live the life of a pioneer for a morning!
