2024/2025 School Year One-To-One Device Agreement

Grades 3-12

The Lewis Center for Educational Research schools have a one-to-one Chromebook program for grades 3-12, where all students use a Chromebook through their daily classes. Daily Chromebook usage is a mandatory component of our school curriculum. With your permission, your student will be issued one of the school's Chromebooks free of charge.

For the current school year, your student will receive a Chromebook and charger with the expectation that it is taken home, charged and ready to be used each school day. Please only use the originally assigned charger as 3rd party chargers may cause damage to the Chromebook. This Chromebook will stay with your student throughout the school year.

If the device assigned to your student is lost, stolen, or damaged through negligence or vandalism, or if your student fails to return the laptop and charger, this loss will be your responsibility. **Wear or damage through ordinary use or a manufacturing defect does not apply.** In addition, pursuant to the process set forth in the Education Code Section 48904, the school may withhold the grades, diploma, and transcripts of your student until any and all losses are paid. Please stress the importance of responsibility and care of this equipment with your student.

This agreement must be signed and returned to the school in order for a laptop to be issued to your student. By signing this agreement you agree to stress the importance of taking care of this school equipment with your child and that you will take responsibility for the cost of repairing or replacing the laptop if your student fails to return the laptop or if it is damaged. Details for optional Chromebook insurance are below.

Grades TK-2

The Lewis Center for Educational Research schools have a one-to-one iPad program in grades TK-2 where students utilize an iPad through their daily classes. Daily iPad usage is a mandatory component of our school curriculum. Your student will be assigned one of the school's iPads for use in their classroom.

If the iPad is willfully cut, defaced, or otherwise damaged, this loss will be your responsibility. **Wear or damage through ordinary use or a manufacturing defect does not apply.** In addition, pursuant to the process set forth in the Education Code Section 48904, the school may withhold the grades, diploma, and transcripts of your student until any and all losses are paid. Please stress the importance of responsibility and care of this equipment with your student.

Optional Chromebook Insurance Grade 3-12

The Lewis Center is self-insuring our stock of Chromebooks, which will allow us to offer low cost insurance covering accidental physical damage, including cracked screens, liquid and fire damage.

Please note that loss or theft is not covered by this insurance plan. The cost for this optional annual plan is \$25.00 for the 2024/2025 school year with payment due by Friday September 6th, 2024. Please review the following table outlining costs to see the value of this insurance plan.

Dell Chromebook repair pricing

Entire Device	\$325.00
Screen Repair	\$100.00
Charger Replacement	\$25.00

The insurance plan will cover the cover the following:

- 1x charger replacement, issued charger only
- 2x screen repairs
- The entire device if deemed unrepairable

Please note that willful or malicious damage will void the coverage of this insurance plan. Wear or damage through ordinary use or a manufacturing defect does not apply. A new insurance plan will be required for coverage if the device is deemed unrepairable and a new Chromebook is issued to your student.
